

3M™ Versaflo™ M-Series Faceshields and Helmets

Integrated Protection for Multiple Hazards

The all new 3M™ Versaflo™ M-Series Headtops feature lightweight, compact and well-balanced faceshields and helmets that offer integrated respiratory, head, eye, face and hearing protection.

The headgear is simple to use and maintain while helping to provide the wearer with protection from a range of hazards. The range includes neck and shoulder coverage options.

The Power to Protect Your World.

3M™ Versaflo™ M-Series Faceshields and Helmets

Modern, Well Balanced Comfortable Design

- Lightweight, with excellent balance.
- Fully-adjustable suspension that includes textile straps for optimal fit and weight distribution.
- A deflector allows users to direct the airflow inside the headtop for increased control and comfort.

Versatility

- To suit a wide range of needs, industries and applications, 3M Versaflo M-Series headtops offer faceseals and shrouds in various fabrics.
- Accessories include earmuffs, peel-offs, head covers and a chin strap.

New Visor

- A new visor design combines excellent peripheral and downward vision with good optical clarity.
- Coated visors provide added chemical and scratch resistance.

Easy To Maintain

- Many parts are common to all 3M Versaflo M-Series headtops, meaning reduced inventories and downtime.
- Spare parts and accessories are quick and easy to replace; for example, visors easily slide into place and are secured by quickly snapping two buttons.

3M™ Versaflo™ M-100 Series Faceshields for respiratory, eye and face protection:

M-106 features a comfortable faceseal for dusts, spraying and chemical processing. Fabric material: polyurethane coated polyamide.
